

Just Revised

ECON-O-MARKER
PRINTING SYSTEMS
Since 1958

**Stand Alone Labeling
with Scales***

Print your own labels with just a key stroke from our new Keyboard. Enter your PLU, Customer Name, if needed, and print one at a time or 500. Custom Formats for Inspected, Not For Sale, Private Label.

Your products and ingredients are entered on a spreadsheet, such as Excel, for easy editing and downloaded to the printpad in seconds. Label sizes range from small 2x1 to large 4x6 for your turkeys, hams, or roasts. Label stock can be square, round, oval or in strips for snack sticks. See our website for a video at www.absolutmarking.com

An optional Yamato scale is now available. Add Net Wts. only or use for pricing. Tare weights and price per lb can be an automatic feature just by adding it to your database of products, thus eliminating keystrokes.
